

## Appendix B Community Assessment 2016-2017

### Selection Criteria for Teen Parenting Program 2016-2017

Because of the dynamics at the Early Head Start program at teen parenting sites, where emphases of services is to ensure that teens graduate on time, improves dropout rate, and maternal health, the selection criteria for these sites differ from the selection criteria for the greater community Head Start and Early Head Start Sites.

This selection criteria adds in the date of the prospective graduation of the students and assigns a higher number of points based on the timeline for student graduation (a senior receives more points than a freshman). Also, participation in special programs designated by the school as well as attendance % have a point value (assigned by the Hays CISD PEP Program Coordinator).

### HCISD PREGNANCY, EDUCATION & PARENTING PROGRAM

Supplement page / Needs Assessment

Student Name: \_\_\_\_\_ ID # \_\_\_\_\_

Due date/D.O.B. of child: \_\_\_\_\_

Please check the appropriate boxes:
